Keep
The Money
At Home....

If you were going to deposit one
hundred dollars a year for 10, 15
or 20 years during your produc-
tive period to provide for your-
self in your old age, you would
not send it to a New York bank if
there was just as good a bank at
home, would you? Why then
should you send your insurance
premiums there when you can
buy the same policies here for
less money? We are an insur-
ance company of the people for
the people. Do you know that
about \$2,000,000 annually
leaves these Territories in life in-
surance premiums alone, and that
not a dollar of this amount is in-
vested in either Territory? Sup-
pose we had \$2,000,000 to loan
today to the Farmers, Stockmen,
Merchants and other representa-
tive interests of the Territories at
a reasonable rate of interest,
would it not only promote the
individual, but the community
interests of our people as well?
We have now \$110,000 that is
available to the people as loans
on improved real estate, subject
to the approval of the executive
committee. The amount will be
increased as our business
grows.

The Final Disposition of
Famous Case--New
Trial Granted

Brant vs City of Bisbee--new trial
granted on the ground that record did
not disclose the fact that Bisbee was
incorporated or a patented townsite
at the time of the alleged damage.

Costello vs Copper Belle Co.--the
attention of the court has been ab-
sorbed in consideration of this case for
several days, judgment being finally
rendered in favor of plaintiff and the

the judgment, which totals in both in-

AUGUST AUGURIES

By "Mescal" While in a Poetic Mood
At His Old Haunts in Tombstone

This happens to be just August One,
And dog days now begin to run.
When politics are on the hum,
And the g. o. p. is on the bum;
They tried to fix the foxy Kirk,
But soon found out it wouldn't work,
So now they quote that little verse,
Amended with a small-sized curse,
"Mary Anne was always good,
She always did the best she could,
Then let us do like Mary Anne,
And do the very best we can."
That is to say, they will try and get
along with the powers at Washington
and if they can't get the whole pie--
Why, when they find they shall and
must,
Will be contented with the crust.

Quinine generally advances in the
market during August, not so in Ariz-
ona.

Here on the First, you sadly note,
"O, why did I soak my overcoat,"
For while down East, the heat aglow,
Right here it looks like rain or snow.

Did you ever pause to reflect, why
we love Arizona in general and Tomb-
stone in particular, whether we are
prosperous in the matter of "dinero"
or not? Well it's like this:--

In Cochise county's verdant hills,
We never hear of colds and chills,
Nor of calomel nor liver pills,
Nor anodine nor doctor's bills,
We live along in health and strength,
And eat and sleep, until at length,
To help the undertaker out,
Death spots some hoary-headed scout.

Death spots some hoary-headed scout,
Who, had he not come west, you know,
Would have been dead long years ago

If there is anything delightful and
refreshing, it is to see the girls tose
prudence and mock modesty to the
winds occasionally and go in for a
good time. Punctilious in dress at
the watering places, and on the occa-
sion of carnivals, is always above criti-
cism, then why should the girls not
indulge in a bit of innocent variety
at home occasionally?

We knew all the time that the
yearning, palpitating hearts of the

masculine population of Tombstone,
were not without responsive throbs
among the fair daughters of Cochise
county, but we never dreamed and
hoped that they so far admired their
manners and ideas that they would
adopt their plan of dress.

"There was a sound of revelry by night"
And the beauty of Tombstone "had
gathered there."

And some were tall and some were
fair,

And some were fat and some were
spare,

And some were dressed in coat and
vest,

And pantaloons and all the rest;

And some were there, had graced the
ball

With shoes and spats and overall.

And they were all caparisoned out
in masculine raiment; and then, all at
once the truth dawned that the cream
of Tombstone's femininity were hav-
ing a stag party.

NO AWARDS MADE

Board of Control of Penitentiary Ex-
amining Bids

No award has been made on the bids
received for the construction of the
new territorial prison at Florence.
Two bids for the entire construction
were those of O. Leonhardt for \$119,-
980, and A. W. Gregg and J. S. Gre-
ville for \$119,100. The latter bid con-
tained a proviso for the furnishing of
a surety company bond by the con-
tractor. Superintendent Rynning
and the board of control are looking
over the bids, classifying and figuring
on them. They are said to be very
satisfactory, and the award will prob-
ably be made Monday.

Ecce.ema.
For the good of those suffering
with eczema or other such trouble I
wish to say, my wife had something of
that kind and after using the doctors'
remedies for some time concluded to
try "chamberlain's," and it proved to be
better than anything she had tried
for sale by all druggists.

TERRITORIAL ITEMS OF INTEREST

Newsy Arizona Events
Taken In at a
Glance

The next term of the Tempe Nor-
mal School of Arizona at Tempe will
begin Monday, September 7, and an
unusually large attendance is assured.

Guy Wilkie of Phoenix on his way
to Roosevelt the other day, was kicked
in the face by a horse and is shy three
teeth and has a broken jaw as a result
of the encounter.

After having been closed down for
three weeks on account of water short-
age, the Thumb Butte, near Yuma,
has resumed with the coming of the
wet season.

The Phoenix All Stars and the Pres-
cott Grays won a game spiece at the
latter city Sunday.

D. M. Le Baron of Phoenix had a
rather startling experience Saturday
morning with a large rattlesnake. He
had been out to breakfast and was re-
turning to his place of business when he
noticed a huge rattler lying in the
grass. Thinking that the reptile had
been killed, he put his foot on the rat-
tles, and the snake immediately dis-
pelled all ideas as to its being a dead
one. LeBaron was struck with force
on the leg, but the thickness of his
being bitten. The snake then could
ready to strike again, when LeBaron
secured a stone and dispatched it.

THE WARDWELL CASE

This Variety of Leprosy
Is Not Easily Com-
municated

Superintendent Greene of the county
board of health, came down from
Douglas last night and investigated
the situation in regard to the Ward-
well leprosy case. Dr. Greene concurred
substantially in the opinion expressed
by Drs. Hughart and Bishop.

It has been decided that the woman
is afflicted with a variety of leprosy,
which while incurable, is not com-
municable by ordinary contact and
association. However, it is proposed
to isolate the case and segregate the
couple in an isolation ward near the
hospital until the agents of the govern-
ment can take the matter up. No
further developments have taken place
and it is not known as yet what step
will be taken looking toward deporta-
tion or treatment.

Mr. and Mrs. Wardwell are isolated
at the hospital and the unfortunate
case has attracted much attention and
widespread sympathy.

DISCOVERED BOMBS

In El Paso, Texas. Supposed to Be-
long to Mexican Revolutionists

An El Paso, Texas, dispatch says--
Deputy Marshal Hillerbrand today
located two score bombs in the north-
west part of this city, where they be-
lieve Mexican revolutionists have hid-
den them. Secret service men traveled
the border from Isleta.

THE FAITHFUL GATHER

Republican County Central Committee
Arrives in Tombstone

The faithful few gathered to day in
Tombstone. The Republican county
central committee.

We believe there were 17 of them.
We had not realized that there were
so many Republicans in Cochise
county.

Each member wore a plaster of
Paris, raised image with a medalion of
teeth and spectacles on one side and
the full moon image of the illimitable
Taft on the other, and the Republican
coat of arms in the center across which
was written, "In Thee We Trust."

Then there was an old fashioned camp
fire at the bottom, steaming over with
administration stew and just seven
spoon handles sticking out of it.

The boys all had on brand new dou-
ble-breasted coats which they found it
necessary to wear in the cool atmo-
sphere of Tombstone and seemed to
appreciate the privilege, for while the
administration is liberal with pud-
ding, we don't know whether it thrives
in shirts or not.

The result of their profound delib-
erations is stated in another column.
Come again boys, when you have plen-
ty of time to be sociable.

HASSAYAMPA CLUB

Of Arizona Is Planning the Greatest
Reunion in Its History

Members of the Hassayampa club,
the noted Arizona organization, are
anticipating the greatest reunion in
the history of the club in Los Angeles,
August 20. Plans for the entertain-
ment of more than 500 Arizonans
are being made by Secretary John S.
Mitchell.

Miss Susan Cabell leaves this after-
noon for St. David on a visit to her
friend, Miss Velma Harris. She will
spend several days in the fertile valley
to the northwest of Tombstone.

An excellent program will be had
at The Schieffelin tomorrow night.
Don't miss it.

In Welcott's window, there is a half
bushel of ground nuts (spuds), about
the finest and fairest that ever came
to Tombstone. One spud would make
a meal for a whole family. One of
the tubers after a little "fixin'" resem-
bles the Venus de Milo, and some re-
sponsible customer has placed that
name conspicuously on a card by the
side of this piece of perishable statu-
ary.

General John L. Bullis, U.S.A.,
retired, arrived in Phoenix Saturday
from Fort Sam Houston, Texas. He
spent Sunday in Wilcox and left
Monday for a short visit to his min-
ing properties in the Aravaipa district.

The floods Sunday washed out a mile
of track between Phoenix and the
Twin Buttes Mining company's camp.

WILL HOLD PRIMARY ELECTION

Republican County Cen-
tral Committee so
Decided today

Like Caesar's wife, our political
stand "is above suspicion," but that
does not authorize anyone, especially
a reliable Democratic newspaper, to
overlook or ignore the ethics of com-
mon courtesy.

The city of Tombstone feels hon-
ored today by the presence of the gen-
tlemen composing the Republican
Central Committee of Cochise county,
all of whom are honored citizens of
the banner county, many of them en-
joying appointive offices of trust, and
some of them elective offices of re-
sponsibility in the county.

Tombstone appreciates their pres-
ence, and while here the keys of the
city are in their hands, and the dam-
age charged up to the mayor and city
council, and we hope the gentlemen
will return to their homes with pleas-
ant recollections of Tombstone, even
if not with the political aspect of the
situation.

There were 17 members of the com-
mittee present. The meeting was held
in the office of the Huschua water
company, with R. A. Kirk, formerly
editor of the Bisbee Miner as chair-
man and Mr. A. H. Gardner as secre-
tary. But little business was trans-
acted, the factions busy themselves
in harmonizing all disturbing ele-
ments. It was decided to hold a di-
rect primary, August 8th, for the pur-

U.S. CUSTOMS GUARDS

Said to Be Involved in
Smuggling Orientals
Into This Country

An El Paso dispatch says:

High immigration officials along
the Texas border claim to know pos-
itively that an organized scheme for
smuggling Japanese and Chinese
across the border exists. In the past
month several carloads of Chinese
were discovered at various places after
they had crossed the line.
The officials believe the trainmen and
government officials are concerned. It
is asserted that by hiring lawyers and
delaying cases in the courts the smug-
glers are almost blocking the work of
the government even after arrests are
made.

POLITICAL COLUMN

The Popular Forum In Which to Reach
the Suffragists of Cochise

This column is devoted to the de-
claration of the many worthy aspir-
ants for offices of trust and emolu-
ment at the disposal of the people of
Cochise county.

The time has come when men do
not run for office simply for the sake
of glory. They run for what there is
in it and at the same time they have
the most profound motive in carrying
out the duties imposed upon them
and the confidence reposed in them.

In this connection we are not sur-
prised that the numerous worthy
gentlemen in this and other communi-
ties in Cochise county, find it avail-
able to make their announcements in
the columns of the PROSPECTOR.
Every gentleman whose name ap-
pears in this connection is a true
American, worthy and reliable, and
while the PROSPECTOR never swerves
in its political attitude, no honorable
American citizen is barred in these
columns, and we shall take pleasure
in placing his card before the public
regardless of political affiliations.

In our next issue every aspirant
whose name appears in this column
will receive that proper and well de-
served local mention which his record
deserves.

pose of selecting delegates to the con-
vention to be held at Phoenix, for the
purpose of placing a candidate in
nomination for delegate to congress.
The meeting appears to have been
perfectly harmonious (?) and many of
the members of the committee re-
turned to their respective homes on
the afternoon train.

ing of the Cochise county Republican
Central committee: R. A. Kirk, H. M.
